**FOR A CITY OF MEMPHIS
ADMINISTRATIVE REPORT CARD
AND RALLY**

Justice for AFSCME, Local 1733's Sanitation Workers, 40 years after the death of Dr. Martin Luther King, Jr., dignity and justice on the job are still not a reality! The City Sanitation Supervisors continue to ignore **Health and Safety VOLATIONS!**

Workers continue to be wrongfully disciplined and terminated as the City Administrators callously delay and deny **GRIEVANCE VIOLATIONS!**

We deserve to retire with **DIGNITY, RESPECT** and a **PENSION**. We will continue to speak truth to injustice and address these civil rights abuses in Solid Waste and Public Works for economic empowerment and equity on the job for all!

**"ALL LABOR HAS DIGNITY AND WORTH!"
-REVEREND DR. MARTIN L. KING, JR.-**
